

S2C VERN DALE ROBLING 3 February 1945

"My father, V. Dale Robling, went to college at Indiana University after his discharge and earned a BS degree in Accounting. He was the controller for Vincennes Steel for 37+ yrs. My father's roots, like many his age started on a family farm. His father wanted his 5 kids (Keith-Houston, TX, Brian-Jasper, IN, Scott-Evansville, IN, Joy-Atlanta, GA, Jan-Easton, PA) to do something besides farming because of the hard, never ending work load with little pay. But after his father's death, he took over the farm and ran it for his mother in his off hours and weekends. He also bought several farms himself and farmed them with the help of his kids. This was his stress relief from his real job."
